

SEND ULTIMATUM TO MEXICO

FLEET ORDERED TO MOBILIZE AT TAMPICO READY FOR WAR

WASHINGTON, April 14.—General concentration of the Atlantic fleet at Tampico was ordered by Secretary Daniels after a cabinet meeting, when the president stated the necessity for backing the demand of Admiral Mayo that the American flag be saluted by the Huerta commander.

Secretary Bryan cancelled his trip to Florida. Officials said no ultimatum had been issued to Huerta. Mobilization of the fleet is intended to put the United States in a position to force one if necessary. It is admitted the United States is getting ready to enforce a demand for Huerta to meet with resistance.

The transport Hancock, with 800 marines is expected to sail from New Orleans for Tampico today.

EARNINGS OF THREE COMPANIES FOR THE LAST SIX MONTHS SHOW SUBSTANTIAL GAINS

March earnings for three of the strongest mining companies in Tonopah were received this morning from headquarters of the companies. They show a very flattering condition of affairs with an earning capacity that is extremely gratifying. The most remarkable showing was that of the Jim Butler, which reported \$34,579 net, compared with \$12,954 for the preceding month and \$6100 for the month of October. This company is steadily increasing its shipments to the mill at Millers and is expected to make about 800 tons this week.

This morning the West End sent out 26 bars of bullion weighing 39,270 ounces, valued approximately at \$30,000. This is the result of a run of the mill for the first ten days of April, and is a safe conservative index of the earning capacity of the new plant which, according to local estimates, should yield \$55,000 net for the month of April. That readers may use their own judgment in this conjecture it is well to state that the average ten day bullion shipments for the months preceding completion of the addition to the mill ranged around \$21,000, indicating an increase in apparent earnings of forty to fifty per cent. The ore treated monthly two months ago averaged 4500 tons and now the West End is sending to the mill 1480 tons weekly, or over 200 tons daily, which would dispose of 6000 tons monthly.

Compared with last March the situation stands out more prominently. Reference to the last annual report shows that in March, 1913, the West End milled a total of 4475 tons, with a direct cost of \$2.59 and an indirect cost of \$0.433, which includes depreciation of the company's plant of \$0.265, leaving a total actual milling cost of \$2.758.

Earnings of the Tonopah Mining, Belmont and Jim Butler for the last six months are as follows:

	Tonopah.	Belmont.	Butler.
March, 1914	\$128,120	\$153,611	\$34,579
February, 1914	50,550	155,000	12,954
January, 1914	119,423	150,288	14,375
December, 1913	133,125	171,586	13,461
November, 1913	137,470	161,387	7,153
October, 1913	154,100	187,332	6,100

(By Associated Press.)

HESITATE OVER AN APOLOGY

(By Associated Press.)
WASHINGTON, April 14.—The latest developments in Mexico, particularly the demand of Admiral Mayo, backed by the White House, that the American flag be saluted by the Huerta commander at Tampico, were discussed by the president, John Lind, his personal representative in Mexico, and Secretary Bryan. Mr. Lind's views are that the salute should be insisted. The president made clear that the United States must be given an apology for the recent arrests of marines.

Reports say Federal Commander Maas contended that the verbal apology of Huerta is sufficient, and a salute unnecessary. Huerta contends that the Mexican commander acted within his rights under international law. Lind asserts the marines were unarmed, and careful in their demeanor always when after supplies. Mexican conditions generally were discussed. Afterward, Lind attended conferences with other government officials.

SPECIAL TRAIN LEAVES TONIGHT FOR THE FIGHT

Walter Coffey, accompanied by Freck Lydon, Bobby Trudgen and Jimmie O'Connell, left for Goldfield on this morning's train, in fine shape for the big boxing contest to be held at the Hippodrome theater in that city tonight. Kid Harrison, who meets Lydon in the main event, is in fine condition and one of the best cards ever staged in Southern Nevada is bound to result when these boys get in the ring at 9:30 p. m. The Tonopah Boosters' club, accompanied by the Tonopah band and plenty of red fire, will leave from the T. & G. depot on the big special tonight at 6:15 p. m. and everybody is invited to turn out and make the crowd from Tonopah a large and enthusiastic one as the Tonopah Athletic club are figuring on staging a big show in this city next month.

Dutch Williams, who was called home by the sudden death of his father, will challenge the winner of tonight's fight, which will be staged in Tonopah next month as a preliminary to the Graham-Coffey match. This insures Tonopah one of the largest and best boxing cards ever staged in this city and will pull a large and enthusiastic crowd from Goldfield, as Graham is very popular with the fight followers in that city.

Big Leagues Open the Season With Many Changes In Line-up

(By Associated Press.)

NEW YORK, April 14.—Granted favorable weather conditions the sixteen clubs composing the National and American leagues will open the 1914 baseball season tomorrow afternoon.

The present season will mark the thirty-ninth year of play in the National league and the fourteenth in the American league.

During last winter many changes have occurred in the leagues. The Federal league secured from the older organizations a number of veterans and promising recruit players.

The National League.

The various clubs face the season in the following conditions:

NEW YORK.—The National league pennant winners of 1913 present virtually the same lineup as a year ago,

with the exception of Herzog, now managing Cincinnati, and Shafer. In Mathewson, Demaree, Marquard, Teague and Framme, the Giants have a string of clever experienced twirlers with several promising recruits in reserve.

PHILADELPHIA.—Shot to pieces in the raids of the Federal league, the Philadelphia National league team has reformed its lines. Manager Doolin has Bobby Byrne, a seasoned player, to fill Knabe's place at second and is using Ireland and Murphy, youngsters, at shortstop. In pitching, Alexander and Chalmers, veterans, will be depended on. Younger pitchers include Mayer, Marshall, Gessner, Jacobs, Mattinson and Tincup, the Indian.

CHICAGO.—The Cubs start the season with a new manager, an infield

new in its combination and a pitching staff of veterans. The makeup of the inner line of defense finds only Zimmerman in a position new to him. With Humphries, Vaughan, Cheney and Lavender ready to take regular turns on the slab, and a reserve squad the club is fortified with pitchers. Hargrove as a catcher of merit makes the catching department look strong, with Archer and Bresnahan in shape.

PITTSBURGH.—The Pirate infield, with Konechey, Viox and Moxey guarding the bags and the veteran Wagner at short, will be as strong on the defense as offense. The veteran Gibson and Coleman and Bresnahan, recruits, will catch. In the outfield Carney is the only player sure of a place. Mitchell and Jim Kelly are likely candidates for the other places.

McQuillan, Adams, O'Toole and Harmon will be regular pitchers. Kautzner and Cooper, young left handers, will have to show big league caliber. Much is expected of Kautzner, Delhi and Connelman are expected to show improvement. Duffy and Mamaux are undeveloped.

BOSTON.—With a team that has been practically made over since he took charge last season, Manager Stallings predicts that Boston will finish at least fourth.

The accession of Johnny Eers, crack second baseman and manager of the 1913 Chicago Cubs, and the resultant loss of Bill Sweeney was the most notable change in the team. Much is expected by local fans from mid-infield play of Eers and young Maranville. Recruits will cover the other infield positions, Schmidt at first and Deal at third.

Manager Stallings has shaped his outfield for speed, with good batting propensities with Gilbert at center, Griffith at right and Connolly at left. Whaling is first string catcher, with Gowdy as second choice. The pitchers include Tyler, Perdue, Rudolph and Hess, with Cochrane, Melkie, Crutcher and Heck as possibilities.

BROOKLYN.—With Gilbert Robinson as manager Brooklyn will have a baseball general and material for a fast combination.

The team is strong in battery and infield material. In Rucker, Reulbach, Ragan, Wagner, Brown and Altchison, the Brooklyn club has six twirlers who should work successfully. The "Superbas" have McCarty, Fischer, Miller and Irwin, all dependable catchers.

The infield combination of Daubert, Cutsaw, Egan and Smith, with Hummel and Elberfeld in reserve, is a strong lineup. The outfield is not so impressive, but in Dalton, Stengel and Wheat, the Superbas have excellent players.

CINCINNATI.—The Cincinnati National league team this season will have a new leader in Charles Herzog, formerly of the New York Giants.

The probable lineup will be Hobitzell, first base; Grob, second base; Herzog, shortstop, captain and manager; Niehoff, third base; Marsans, left field; Bates, center field; Moran, right field; Yingling, Johnson and Benton, pitchers, and Clarke, catcher. ST. LOUIS.—The strength of the St. Louis team is uncertain in quantity on the eve of the new season.

During the ante-season games with the St. Louis Browns, Miller at first, Rutler at short, Dolan and Manager Huggins, proved a fast fielding combination. Two new players, Wilson, center, and Cruz, right, have shown well. With Lee Magee at left the trio appears stronger than in past seasons.

The battery squad includes Robinson, Steele, Perrett, Griner, Hopper and Hagerman. Wingo and O'Connell will take turns with Magee and Mitt.

STREET CAR MEN LOCKED OUT BY A HASTY ORDER

CAR BARNS LOCKED AND TRAIN CREWS NOT ABLE TO TAKE THEIR RUNS.

(By Associated Press.)

COLORADO SPRINGS, April 14.—Street car lines are tied up as a result of a combined lockout and strike, precipitated, it is asserted, by railway officials by a misunderstanding of orders. It was expected that the men would vote to strike, but didn't. The superintendent ordered watchmen to lock the car barns if a strike was called. The watchmen locked up anyway. The men refuse to accept an apology or explanation.

SURPRISES FRIENDS WITH A WEDDING

Judge Averill officiated yesterday at a wedding that united Del Hammond, a well known young man about town, and Miss Rosetta Forest. The nuptials had been expected by friends of the respective parties, but they were taken by surprise by the fact that the ceremony was conducted without advising them of the date. The event was the sequel to a courtship begun in Goldfield, where both parties formerly resided and the couple received congratulations from all sides last evening when the happy termination became known.

MUSICIANS' DANCE WAS THE CUSTOMARY SUCCESS

Miners' Exchange hall was filled last evening with an appreciative audience who contributed to the success of the annual benefit dance of the Musicians' union. The music was of the best, as members alternated on the stand and the grand march was conducted to the strains of the full band.

MYSTERIOUS NOTE DROPPED OUT OF TONOPAH TRAIN

MESSAGE DROPPED FROM TONOPAH EXPRESS TELLS OF PLOT.

OAKLAND, April 14.—Held a prisoner on the Tonopah Express, which arrived at the Oakland mole at 9 o'clock this morning, a girl who signs her name as Jeanette Payne, dropped a note beside the station at Dutch Flat at an early hour this morning, which has started the police on a searching investigation.

That the mysterious Jeanette was being spirited here against her will is gleaned from the appealing missive which was copied and wired to Special Agent Patrick Kindelon, of the Southern Pacific company, by the officials at Sacramento. The message reads:

"I am being brought to San Francisco against my will. I have been dragged and mistreated on the train. 'JEANETTE PAYNE'."

The note was found at daylight just after train No. 23, which comes through from Goldfield, had passed. It was not turned over to the station agent in time for him to reach Sacramento before the train left there. Train No. 23 is due here at 9 o'clock and arrived on time. An hour later Special Agent Kindelon received a wire. It was too late then to make a search of the train or to notify the police.

Detectives have been detailed to question the train crew in an effort to ascertain whether any suspicious actions were noticed on the part of the passengers. Detective Sergeant Joseph Raymond, of the white slave bureau, is conducting the inquiry on the part of the authorities.

DEAD MAN'S TALE HAS NO WEIGHT IN BECKER'S TRIAL

(By Associated Press.)

NEW YORK, April 14.—The confession of "Dago Frank" Cirofici, before he was executed for the death of Gambler Rosenthal, will not be permitted to interfere with the district attorney's plans for the second trial of former Police Lieutenant Charles Becker.

Whitman holds the confession is hearsay evidence, and therefore inadmissible for the defense of Becker, charged with instigating the murder, or the prosecution of Harry Vallon, who Cirofici said fired one of the shots that killed Rosenthal.

Vallon's testimony, and that of "Bridge" Webber and Jack Rose, convicted the four gunmen.

The Becker trial is set for May 4th. The confession brings "Dollar John" Langer into the case, who the gunmen were after.

UNIVERSITY GLEE CLUB CONCERT WAS A RARE TREAT

The appearance of the Nevada University glee club at the Nevada theater Saturday night was an event of the first magnitude and if the boys should ever return they will be greeted by a rousing house. The programme was the best given here for years, but the people had been fooled so often they failed to turn out and patronize the boys as they deserved, and it was not until the next day when they heard praises of the club that they wished they could have shared the pleasure of attending.
